

Fostering a love for reading is important for children everywhere. This pledge drive is a way for families to encourage their children to read regularly and give to those in need.

Children will work with mentors to set a daily reading goal with an adult mentor that is challenging, but also appropriate for the child's reading level and ability. Goals can be defined in minutes, pages, or chapters. The ultimate goal of this activity is to challenge kids to collect mentor initials for as many lanterns as possible.

After establishing a goal, participating children will ask family members or other adults in their life to pledge a monetary donation for each milestone reached. For example, a loved one might pledge \$5 for every chapter of a book that a child reads during a 30 day period. Other loved ones might pledge more or less. Please see the included pledge tracker and pledge request forms for more details.

All donations will go to Mercy-USA's Lanterns of Literacy Book Drive which will provide struggling readers from low-income communities with age appropriate literacy kits. Through participation in the Read-a-Thon Pledge Drive, families can contribute financially to a worthwhile cause while also fostering a love for reading in their own households.

Your mentor will initial a lantern for each completed reading goal during a 30 day period!
